Find the Secret Word

Check the spelling. There are some extra letters added to some of these words. Write the correct words under the notes. (All the words are in the middle of the page, in mixed order.) Write all the extra letters in the middle. They spell another word.
Alphabet Blocks

Each pile of alphabet blocks has the same letters as one of the groups of notes. Use lines to join each group of blocks with a matching group of notes.

Word Search

How many words can you find here? As you find a word, circle it, and then write it under one of the staves. Then, using semibreves, minims or crotchets, draw the notes for each of the letters in the correct places. You must find at least six words containing five letters or more. No words of less than three letters will be accepted.
Unscramble the words from the boxes in the middle of the page. Supply the words or the notes to complete each box correctly. Draw a line connecting the matching boxes as you complete each one.
