Word Search

How many words can you find here? As you find a word, circle it, and then write it under one of the staves. Then, using semibreves, minims or crotchets, draw the notes for each of the letters in the correct places. You must find at least six words containing five letters or more. No words of less than three letters will be accepted.
Unscramble the words from the boxes in the middle of the page. Supply the words or the notes to complete each box correctly. Draw a line connecting the matching boxes as you complete each one.
