Let's Draw Symbols

Sheet 1

Basic Information about Symbols

treble clef
also called a G clef

bass clef
also called an F clef

brace
This is really a brace and bracket. The brace is the upright line and the bracket curls around it. It tells us that the notes on both staves are to be played at the same time.

staff or stave
The five lines on which we write music

bar lines
The upright lines dividing sections (bars) of music

double bar lines
two upright lines to mark the end of a section or a piece of music

repeat sign
these dots tell us to repeat a section of music

semibreve (or whole note)
The semibreve is the longest note in general use. The **semibreve rest** is in the shape of a box hanging below the fourth line of the staff.

minim (or half note)
A minim is played for half the time of a semibreve. The **minim rest** is in the shape of a box sitting on the third line of the staff.

dotted minim
A dot placed after any note makes it longer by half of its own value.

crotchet (or quarter note)
A crotchet is played for half of the time of a minim. The distinctive **crotchet rest** is to its right.

quaver (or eighth note)
A quaver is played for half of the time of a crotchet. Its rest is to its right. Two or more quavers are joined by a beam.

semiquaver (or 16th note)
A semiquaver is played for half the time of a quaver. Its rest is to its right. Two or more semiquavers are joined by two beams.

sharp
A sharp sign placed in front of a note tells us that the note must be played one semitone higher.

flat
A flat sign placed in front of a note tells us that the note must be played one semitone lower.

natural
A natural sign placed in front of a note tells us that a note previously altered must now be played at its original pitch.

pause
A pause sign over a note tells us that the note should be held for longer than its usual value.

slur, or phrase line
A slur or phrase line can be drawn over two or more notes. These notes are to be played smoothly, connected together. They are usually notes of different pitch.

tie
Notes which are connected by a tie are always of the same pitch. These notes are 'tied' together and are played as one note, held for their combined values.

Treble Clefs

Trace the Treble Clefs starting at the arrow point. You may trace each one in a different colour.

Complete these Treble Clefs. Make sure that they reach from the top line to the bottom line..

Can you draw a treble clef by yourself?

Bass Clefs

Trace the Bass Clefs starting at the arrow point. You may trace each one in a different colour.

Complete these bass clefs.

Can you draw two bass clefs without help?

Do you remember how to draw a treble clef?

Sheet 8

Name

Sharps, Flats, Naturals

A sharp tells you to play a sound one semitone higher, a flat lowers it by one semitone.
A natural sign cancels out a previous flat or sharp. Trace the sharps, flats and naturals.

<p>Sharps in spaces</p>	<p>Sharps on lines</p>	<p>The sharp must be placed on the same line or in the same space as the note that it belongs to.</p>	<p>Draw sharps next to both of these notes.</p>
<p>Flats in spaces</p>	<p>Flats on lines</p>	<p>The flat must be placed on the same line or in the same space as the note that it belongs to. The same rule applies to naturals (below).</p>	<p>Draw flats next to both of these notes.</p> <p>Draw naturals next to both of these notes.</p>
