No-Word Search

This one is really tricky. There are no words to find. You are looking for the exact combinations and the exact orders of the letters A to G as shown by the notes below. Remember that the notes and the letters need to be in exactly the same order as each other.
Hidden Story

Some of the letters A B C D E F and G have been left out of this story. You can find them in the proper order on the staves below. See if you can fill them in. Use a very sharp pencil and write neatly.

Crazy - Maze

Do all the notes have paths leading to their names? How many paths can you find? Using coloured pencils will help. Number: ..........................

You may enter anywhere you like on the outside edge. There has to be a clear path between notes and note names.
Word Search

How many words can you find here? As you find a word, circle it, and then write it under one of the staves. Then, using semibreves, minims or crotchets, draw the notes for each of the letters in the correct places. You must find at least six words containing five letters or more. No words of less than three letters will be accepted.
Octaves and Anagrams

The notes below form words. Find out what the words are and write them on the dotted lines.
Then re-arrange the letters to form five new words. Write them in notes on the staves to the right.
Write all the notes one octave lower than those on the left side of the sheet.
These words are made up of notes written in spaces. Can you figure out what the words are, and then write them again, using only notes that are on lines?
